About the Sierra View Foundation

The Sierra View (SV) Foundation was established in 1992 as a non-profit 501(c)(3) organization. The Foundation is a separate entity from Sierra View Medical Center and is guided by a 14-member voluntary board of local community leaders.

The mission of the SV Foundation is primarily to invest in the future by promoting community philanthropy, building lasting relationships, and promoting a positive image of Sierra View Medical Center. The Foundation approaches this mission by raising funds and awareness for the hospital.

In alignment with this mission, the Foundation has set its sights on raising funds for an advanced and more sophisticated Magnetic Resonance Imaging (MRI) Scanner that will help progress SVMC Imaging Services and have a direct impact in patient care.
